

Shankar Deuja

Daly City, CA, 94015
(650) 200-8529
neeraj.deuja577@gmail.com

Highly motivated recent Computer Science graduate with a strong foundation in programming languages and algorithms, seeking to leverage my skills in a challenging role.

EDUCATION

**State University of San Fransisco, San Fransisco—
Bachelors**

Jan 2022 - May 2024

Major in Computer Science

- Solid foundation in computer science concepts, algorithms, and data structures acquired through coursework and projects.
- Proficiency in programming languages such as Java, Python, C, and familiarity with web development technologies like HTML, CSS, and JavaScript.
- Hands-on experience with software development methodologies, including agile/scrum, and version control systems like Git.
- Strong problem-solving skills and the ability to analyze complex technical issues, demonstrated through completing challenging programming assignments and projects.
- Excellent communication and teamwork skills developed through group projects, presentations, and collaboration with peers and faculty members.

College of San Mateo, San Mateo— Associate

JAN/2017- AUG/2019

Associate in Computer Science

- Programming Fundamentals(Java, C programming)
- Data Structures and Algorithms(Data structures)
- Intro to Database Management Systems
- Web Development using HTML, CSS, Flask(python), Reactjs(JavaScript)

SKILLS

HTML5, CSS, MS-Excel

Python, Numpy, Pandas

Matplotlib, Skilearn,

Flask

Reactjs, Redux

Git, GitHub

SQL workbench

Algorithm Analysis

Software Engineering

Relational Database

Communication

Customer Service

Projects:

Simple portfolio using React, a JavaScript Library, HTML, CSS. I also used Netlify service to host my website online. <https://shankardeuja.netlify.app>

Simple User CRUD Application using Reactjs, ReactHooks, Google Firebase, and Netlify to host the web application.
<https://aesthetic-douhua-15e8e4.netlify.app/>

Movie Recommendation with Python pandas, and Google Colab

Experience

Part Time Ride Share Driver—Uber, Lyft

San Francisco Bay Area

June 2023–Present

- Independently managed and completed food deliveries within specified timeframes.
- Demonstrated strong time management skills to ensure timely and accurate order deliveries.
- Maintained a professional and customer-friendly demeanor, receiving positive feedback for service.
- Utilized navigation apps effectively to optimize delivery routes and minimize delays.
- Ensured the safety and cleanliness of the delivery vehicle.

Web Developer—Cognizant Consulting

Services

Home

Jun 2022-Feb 2023

- Utilized HTML, CSS, JavaScript, and other relevant technologies to create dynamic web pages.
- Integrated and maintained databases to support web applications, ensuring data accuracy and security.
- Conducted thorough testing and debugging to identify and resolve issues, optimizing website performance.
- Stayed current with industry trends and emerging technologies to implement innovative features.
- Collaborated with cross-functional teams to design, develop, and implement responsive and visually appealing websites.
